

MARINE SAFETY SERVICES

ENSURE THE SAFETY, RELIABILITY AND COMPLIANCE TO STATUTORY REQUIREMENTS OF ALL YOUR EQUIPMENT ON BOARD

We are the world's leading company for inspection, testing, verification and certification.

Our marine safety equipment inspection can help you to:

- meet all associated regulatory requirements, with independent inspection carried out in accordance with all applicable regulations, standards and engineering practices
- assure the safe and proper working capability and condition of your equipment
- maintain the capability and availability of your equipment
- maximize uptime and planned outages to minimize operational impact

We can offer you an unrivaled expertise, experience and knowledge and support for conducting professional statutory and voluntary inspection of:

Process handling systems:

- Fixed CO2 installations
- Fixed foam installations
- Fixed dry powder systems
- Water mist and sprinkler systems

Product handling devices:

- Fire extinguishers (2 kg/l-12 kg/l)
- Inflatable Life jackets
- Breathing apparatus
- Emergency escape breathing devices (EEBDs)

We are accredited for conducting conformity assessments, as well as statutory and voluntary inspections of marine safety equipment around the world, with more than 15 years experience.

Our inspection services include:

- Deep fat fryer systems (Galley)
- Smoke detection systems for cargo holds
- Non portable fire extinguishers (20 kg/l - 160 kg/l)
